

IMMIGRANTS¹ - Possible Health Care Options

(NOTE: This information includes basic program rules, but it does not include all pertinent details)

	“Legally Residing” Children under Age 19 & Pregnant Women	Legal Permanent Residents (LPRs/Green Card Holders)	Refugees / Asylees & other specified groups ²	Undocumented, DACA, & some adult visa holders
	These children and pregnant women must have current, valid immigration documents, including Visas... but not DACA.	Must have legal status in U.S. for 5 years AND have a 10-year work history (40 quarters). The work quarters earned/reported by parents and spouses count toward the total. Active duty military, veterans and their immediate families are exempt from the 5-year legal status and 10-year work history requirement.	These immigrants are covered for the first 7 years they are in the U.S. After 7 years, they must adjust status to and meet the requirements for a Legal Permanent Resident to remain eligible. If they do not, they will be eligible for Emergency Medicaid only.	If they meet all other eligibility requirements, undocumented immigrants can be covered for EMERGENCY medical services only.
Program	Medicaid / FAMIS	Medicaid	Medicaid	Emergency Medicaid Only
Income Limit	205% FPL	138% FPL (different income and assets rules apply to LPRs who are 65 and older or disabled)	138% FPL (different income and assets rules apply to LPRs who are 65 and older or disabled)	205% FPL for children under age 19 and pregnant women. 138% FPL for adults. (different income and assets rules apply to undocumented immigrants who are 65 and older or disabled)
If INELIGIBLE for Medicaid due to immigration status or excess income	ACA Marketplace Coverage. Premium Tax Credits are available for Households with Income from 0% - 400% FPL except undocumented and DACA.
